Skills

- **Programming Languages:** C/C++, Java, HTML, CSS, JavaScript
- **Frameworks:** Tailwind CSS, React
- **Data Structures and Algorithms (DSA)**
- **Object-Oriented Programming (OOPs)**
- **Computer Networks**
- **Database Management:** DBMS, MySQL

Projects

- **Weather App** Project Link
Technologies Used: JavaScript, HTML, CSS, OpenWeather API
 - Developed a fully responsive web application that provides real-time weather updates for cities across the globe.
 - Integrated third-party **OpenWeather API** to fetch current weather conditions, forecasts, and historical data.
 - Improved user experience with clean UI/UX design and ensured cross-browser compatibility.
 - Deployed the app using Netlify, achieving **200+ active users** within the first month of launch.
- **Health Tracker** Project Link
Technologies Used: React.js, Node.js, Express.js, MongoDB, HTML, CSS
 - Developed a responsive health tracking application with **50+ users** that allows users to monitor daily health metrics like calories burned, water intake, and steps walked.
 - Designed and implemented features to set **5+ fitness goals**, track progress, and view historical data using **MongoDB** for data storage and retrieval.
 - Enhanced functionality by creating an intuitive user interface with **React.js**, leading to a **40% increase** in user engagement and consistency in tracking health goals.
 - Integrated real-time data analytics to visualize user metrics, resulting in a **30% improvement** in user motivation and adherence to health targets.
- **EduWave** Project Link
Technologies Used: React.js, Node.js, Express.js, MongoDB, HTML, CSS
 - Developed an online education platform that connects **100+ students** with **15+ educators** for personalized learning experiences.
 - Implemented interactive features for **live classes**, assignments, and real-time progress tracking, improving user engagement by **40%**.
 - Utilized **MongoDB** for efficient data management, enabling scalable storage solutions for over **1,000+ educational resources**.
 - Designed and deployed a user-friendly interface using **React.js**, resulting in a **30% boost in user satisfaction** and retention rates.

Awards & Achievements

- **LeetCode:** Solved **250+ problems**, ranked in the top **5.08%** globally 2024
- **Coding Ninjas:** Completed **190+ questions**, achieved **3rd place** in college 2024
- Participated in an **On-Site Hackathon in Jaipur** and provided a solution to a given problem 2024
- **Smart India Hackathon:** Participated in national-level competition 2023
- **College Event Organizer:** Led a competition with **200+ participants**, recognized by the HOD 2023

Hobbies & Interests

Teaching, Reading Books, Playing Cricket

Education

BTech in Computer Science and Engineering
Lakshmi Narain College of Technology Excellence, Bhopal

CGPA: 8.29
2021 – 2025
